

# I Am Redeemed

By Andrew Lynch, Jordan Lambert, TJ Williams, Josh Graber

## *Chorus:*

Here am I, all of me  
Won't You take this life and make it clean  
Though my hands are dirty, my heart weak  
Lord, You lift me up, I am redeemed

## *Verse 1:*

I have heard of a way to be whole and free  
From the weight of the lies bearing down on me  
So how can I rest my barren soul  
When the wrong that I've done seems to have control

## *Verse 2:*

So forgive me Lord, for I have sinned  
You know who I am and where I've been  
If I come and confess You purify  
So cover me now with the blood of Christ

## *Bridge2:*

I will walk in the light of the risen Son  
Who's death brought life to this broken one  
He's coming again to take me home  
We will run down streets that are made of gold
