

# Like the Ocean

By TJ Williams

## *Verse 1*

Im down on my knees  
I have nothing left to bring  
With this broken heart of mine  
I am drowning on the inside  
(repeat)

## *Prechorus*

I've come to stay this time  
In the world I became a lie  
With every breath I take  
I'm longing to see your face

## *Chorus*

Like the ocean Your love is so deep  
I can feel You all around me  
I will follow You through this storm  
till the day I day I die I wanna be on fire

## *Verse 2*

I wanna be a flame  
That burns brighter each day  
For Your glorious name  
Fill me up on the inside  
(repeat)

## *Chorus 2*

I can barely breathe  
As I feel you over me  
I never wanna leave  
I never wanna leave
